5 4 2

This could well be the most versatile family home we have ever seen. Previously a B and B this home is bursting with light and storage and will appeal to a buyer looking for space and features in bushland setting. Primarily the home consists of up to five bedrooms, 4 living areas, four bathrooms and a large double garage. These could easily be configured in a number of ways to suit either an extended or blended family, those with elderly parents or someone looking to supplement their income with extra rental potential. The home can be setup as two units, a one bedroom unit and another 2 bedroom unit both complete with kitchens, bathrooms and their own access. Outside the fun continues with a beautiful dam home to ducks and wildlife and 2 acres of land perfect for keen gardener. This is an amazing property and must be seen to be believed
